PROFESSIONAL SUMMARY

Automotive engineer and business analyst with 2 years of experience at Caresoft Global, the world's leading automotive benchmarking firm. Specialized in competitive intelligence, vehicle teardown analysis, and market research across 200+ global launches with deep focus on electrification trends, NEV strategies, and Chinese OEM dynamics. Incoming M.Sc. Engineering Management student at Nanyang Technological University (NTU), Singapore, seeking to bridge engineering knowledge with strategic business thinking.

WORK EXPERIENCE

Junior Business Analyst

Caresoft Global, Chennai, India

Jul 2025 – Apr 2026

- Built the 2026 vehicle selection list by analyzing 150+ global models across powertrain, features, and regional strategy
- Contributed to the launch of LearnBench, Caresoft Global's industry-academia education initiative, supporting its development as a new business vertical
- Identified and flagged a critical vehicle pipeline discrepancy, leading to the removal of an incorrectly scheduled teardown and saving significant time, cost, and resource allocation
- Maintained and updated global vehicle inventory status reports, distributed regularly to global customers and internal stakeholders

Graduate Engineer Trainee

Caresoft Global, Chennai, India

Jul 2024 – Jun 2025

- Evaluated and analyzed 200+ passenger vehicles against technical and business relevance criteria for teardown and competitive analysis
- Collaborated with sales and customer success teams to propose 2025 release teardown vehicles, gathering customer feedback and relaying insights to sales
- Tracked global auto shows to gather information about latest automotive launches, technology, market insights for future benchmarking projects

EDUCATION

M.Sc. Engineering Management

Nanyang Technological University (NTU), Singapore

Aug 2026 – Jan 2028

B.E. Automobile Engineering

Anna University, Chennai, India

Graduated: 2024

AWARD

Conferred Best Project Award instituted by TAFE (Tractors and Farm Equipment) for Design and Fabrication of Central Tire Pressure Regulation System at SVCE Chennai in final year, Apr '25
